i supposed that watermark master supports all video files..in fact there is an option not to change the file name of a video soo i preferred that the .rmvb xtention shuld retain

the problem is WaterMark master could not read .rmvb file

pls tell what to do...

with high regards...

Hi.

Unfortunately we doesn't support .rmvb format now.
Bur we are planing to do it soon.

Regards,
Videocharge Team.
